## WHITE SULPHUR SPRINGS.

The subscriber respectfully informs his friends and the public generally that the **SPRING**, formerly known as "DUVALL'S," is now opened for the reception of company. Every attention will be paid for the accommodation of those who may visit this Spring. The situation possesses many advantages,—located five miles west of Winchester, in a healthy and agreeable neighborhood, remote from any water course. The property has undergone a thorough repair; nearly all the buildings are new, and sufficient room to accommodate about 75 persons. The water is highly medicinal, having stood the test for 25 or 30 years. Many respectable certificates could be procured, were it necessary, to prove the value of this water. In dyspepsia, diarrhea, affections of the liver, cutaneous affections, suppressed perspiration, debility, and many other diseases to which the human system is subject, this water, upon a fair trial, I hope, will not be less efficacious than any sulphur water whatever. The accommodations shall be equal to any other watering place; and our table shall be furnished with the best our markets afford. I trust that a few weeks can be agreeably and profitably spent at this Spring. There is a Shower Bath of sulphur water, and a Warm Bath for invalids. This Spring is but one day's travel from Baltimore and the District; the stage passes it three times a week, from Harper's Ferry, by way of Charlestown. It is, also, but one day's travel from Bath and Capon. Boarding only \$6 per week, or \$1 per day for a less time; children and servants half price. Dinner 50 cts; breakfast and supper 37 1/2 cts. The Shanondale Water will be kept constantly.
